Its just music.. Surprisingly Amazing.

Despite being only 3 songs, this is probably the best out of all the eu4 music packs.

Recommend.. It it appears that Paradox is deleting my negative review of this game. Criticism is not allowed its seems. As so. I have decided to give the whole game and DLC a negatieve review. When you hear it it's like you imagine Conquistadors on the sea commig to the new World to create an unlimited empire. THE GRAND ARMADA IS COMMING FOR YOU. Viva espag\u00f1ol conquistador. Enjoyable tracks and together with the one from the El Dorado content pack, they play frequently for New World countries.. Grand Armada best song. Defintely worth it if you like playing as an exploration power or as a native..

It's alright.. This is probably the best of the music packs that I have heard in my opinion. I especially recommend the song, "Travel the New World", as it does really capture the feel and excitement of exploration of the New World and other places.

Well worth it if you are playing as a colonizing player like Portugal, Spain, England or France.. Paradox DLC is like a papercut. The more you purchase the more it hurts.. Pointless lol, the only reason i ever seem to have these types of DLC is cause they come with the bundles when on sale, i never even have music volume above 0% cause I listen to my own

maybe Johan should consider releasing a remastered EU3 soundtrack for EU4? 15 euros, 10 euros on sale hahaha and maybe someone will buy it. This DLC adds three new songs to the game: 'The Grand Armada', 'The Hunt' and 'Travel the New World'.

The songs may play when you have:

1. oversea provinces

or

2. a nation with the native council as government type.

I really enjoy listening to this songs, they are relaxing and fitting the other game soundtrack very well.

The songs have a native american flair, are mostly instrumental and very atmospheric.

For me, this is the best music-DLC for EU IV, I would recommend you buying it V I would buy it again.. If you listen to ingame music this adds 3 great tracks to the playlist. The Grand Armada is one of my favorite tracks and the other 2 in this pack are also very good tracks. Great music for colonizing and makes colonizing a bit less boring.

I suggest listening to the tracks on youtube. The top songs that I enjoy are:

The Grand Armada (Songs of the New World)

L'autunno (Songs of War)

Falalalan (Republican Music Pack). A nice Add-on to the game.
