Title: Sword of Asumi - Soundtrack
Genre: Adventure, Indie, RPG
Developer:
Straywire
Publisher:
Dharker Studio
Release Date: 3 Nov, 2014

English

A bit expensive for just a few tracks. But I enjoyed the soundtrack of this VN.. worth it 10/10. My biggest complaint about the OST: Too few songs for the cost. When I purchased IMHHW [If My Heart Had Wings] OST, it was about the same cost and carried a bit more music. I'm glad my money went towards such a gifted artist, but I can't help but feel a bit cheated.
